## Meet Trudy

Born in Jamaica and now thriving in Tampa, FL, Dr. Trudy Beerman is a Kingdom-driven media strategist and digital voice for modern-day discipleship. A doctoral candidate at Liberty University, her research focuses on influential reach—a powerful concept rooted in Matthew 5:14–16: “You are the light of the world. A city set on a hill cannot be hidden.” Trudy began her media journey teaching Bible-based financial stewardship, and God expanded her territory. Today, she is a certified TV Producer, founder of PSI TV, and a tech-savvy pioneer helping Christians step boldly into their calling through digital visibility. She builds Netflix-style TV channels and mobile apps for ministries, Christian influencers, and faith-based businesses. As a 50+ minority woman in media and tech, she is living proof that with faith, purpose, and action—reinvention is not just possible, it’s part of God’s plan.
