## **Doctor Trudy Beerman, DSL. FINALLY! Now I Can Share my Research.**

I'm DONE!

I am doing my happy dance, and I know I look silly, but I am too excited to care. I am DONE!

The doctorate is in the bag! This month (May 2025), I completed my Doctorate in Strategic Leadership (DSL) at Liberty University. It took years and lots and lots of tears. I wanted to quit over and over. According to stats, 66% of those who start their doctorate fail to complete it, so this feels like a monumental accomplishment, and I am so glad it is now in my past.

People keep asking me what I will do with this DSL, considering you all know me to be in TV Media. The short answer is - more of the same!

I expect to be in the expert's chair more often in the future, not just the interviewer's chair. I have research results to share, and I will get in front of audiences that others have

curated so that I, too, can expand the reach of my message regarding my doctoral research and findings.

Here is a sneak peek...

The findings directly benefit experts who built businesses to serve others with their expertise, especially those who coach. Experts in the PSI TV interview chair have the unspoken goal of developing their business for success. PSI TV is a leveraged activity in that process, and we take that milestone seriously.

Having served hundreds of experts, we have observed patterns addressed in our research, gaining data beyond our media observations.

We have confirmed that too many experts are big fish in small ponds, a significant bottleneck to your success. PSI TV is honored to contribute to your success and expansion, and based on our research findings, we have amplified our options to serve.

## Liberty University Launches Tampa, FL Alumni Chapter

Past, Present, Potential Students  
Connection Opportunities for Fun & More.

Introducing Experts You Need to Know

and more...

## How Online Students Can Build Real Community: Liberty Alum Tampa

Online students often miss out on the campus experience that helps form friendships, business connections, and support systems. That's exactly why Liberty University's Alumni Relations Office launched a Tampa Alumni Chapter—to help bridge that gap for students and graduates in the area.

Dr. Trudy Beerman, a Liberty alumna, noticed there was no local alumni presence when she completed her master's degree. Years later, after finishing her doctorate in Strategic Leadership, she partnered with the university to help bring the Tampa chapter to life.

According to Dr. Greg Tilley, Executive Director of Alumni Relations, Liberty currently has 15 active chapters, including one in Canada, with plans to expand by 7–12 more each year. These chapters exist to serve the Liberty community—offering fellowship, mentorship, and ways to get involved locally.

Each chapter is uniquely tailored to the city it serves. In Dallas, events may center around sports; in Columbus, they might include Topgolf. Whether you've taken one class or earned a full degree, you're part of the Liberty family.

If you're ready to connect with other Liberty-minded individuals in your area, now's the time to get involved.
